

# Detecting LLM Threat Modes

Evolving an adversarial agent to probe for weaknesses

# WHAT IS POLYRIFIC?

Polyrific is a tech consultancy with an acute focus on enabling enterprises to leverage AI. We separate our services into two categories: **AI Solutions** and **Foundational Services** that enable those AI solutions.

# AI Hackathon, Gen 0

Chat with Data ♦ PII Redaction ♦ LLM Accelerated Coding ♦  
Classification ♦ Anomaly Detection ♦ Evolutionary Algorithms

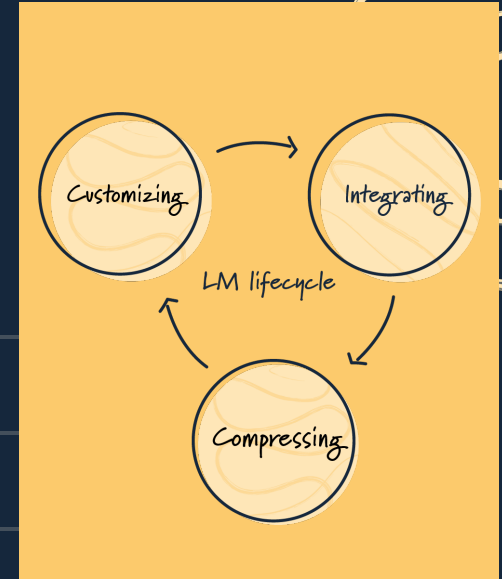

SOLUTION

Use evolutionary algorithms to continuously evolve an adversarial LLM inspector that can continuously probe for threats and emergent behavior.

# LET'S TEAM UP!

- ✓ Technical Program Management
- ✓ Research & Development
- ✓ Engineered AI Solutions

*Proven success managing complex projects from end -to-end using agile methods and proprietary automations in order to deliver work products quickly.*
